ABOUT ME

Information Systems student at Sunan Ampel State Islamic University Surabaya, focusing on the development and implementation of information technology to enhance IT management effectiveness, operational efficiency, and strategic decision-making. Skilled in systems analysis, data management, and programming, with a deep understanding of IT governance. Committed to creating innovative technology-based solutions that align with the needs of modern industry.

PROFILE

A fifth-semester Information Systems student who is currently deepening knowledge and skills in the field of information technology. Although still in the learning stage, I am highly motivated to keep improving, open to feedback, and committed to working diligently. I am currently seeking internship opportunities to gain practical experience and further develop my skills in a professional work environment.

EXPERIENCE

Chairperson – Scout Council (Dewan Kerja Galang), SMPN 2 Tuban | 2018 - 2019

- Led the school's scout organization in organizing leadership, community service, and outdoor programs. Encouraged teamwork, discipline, and responsibility among members.

Manager & Owner – Alas Coffee | 2021 - Now

- Responsible for managing daily operations, supervising staff, and ensuring high-quality customer service at Alas Coffee. Oversaw business strategy, marketing, and financial planning to support sustainable growth.

Video Production Team – Regional Health Laboratory, Tuban Regency | 2023

- Collaborated in the production of the Tuban Regional Health Laboratory profile video, contributing to concept development, filming coordination, and editing supervision.

Cameraman – Cung Nduk Tuban 2023, Tuban Regency | 2023

- Worked as a cameraman in the cinematic video project “Cung Nduk Tuban 2023,” highlighting Tuban’s cultural and local wisdom.

Producer & Talent – SMKN 1 Tuban | 2023

- Entrusted by SMKN 1 Tuban to produce and perform in a school profile video for branding purposes.

Vocational Training Program – UPT BLKI Tuban | 2023

- Completed a comprehensive vocational training program, applying practical skills in video production and graphic design to develop real-world multimedia projects.

Media Center – Faculty of Science and Technology, UIN Sunan Ampel Surabaya | 2024

- Joined the Media Center team as an offline media staff member, assisting in content creation, documentation, and event coverage.

Information Systems Student Association (HIMAPROSIF), UIN Sunan Ampel Surabaya | 2025

- Managed and developed content for the association's official social media channels, significantly increasing student engagement.
- Designed promotional materials (posters, videos) and disseminated official information for key organizational programs and announcements.

Host & editor of SI Talk Podcast | 2025

- Served as the host & Editor of the SI Talk podcast, focusing on discussions related to technology, information systems, and insights from various guest speakers. Responsible for guiding conversations, conducting interviews, structuring discussion flows, and maintaining effective communication with the audience.

Head of Information Division – Dies Natalis Information System (PRISMA) | 2025

- Led a team in developing and executing the complete communication and promotion strategy for the 2025 anniversary event.
- Oversaw all content creation (video, design, and copy) and managed information flow across multiple platforms to participants and the wider university community.

EDUCATION
